

APPEAL NO. 020300
FILED MARCH 18, 2002

This appeal arises pursuant to the Texas Workers' Compensation Act, TEX. LAB. CODE ANN. § 401.001 *et seq.* (1989 Act). A contested case hearing was held on January 7, 2002. The hearing officer determined that the appellant (claimant) did not sustain a compensable repetitive trauma injury to her right wrist; that the date of injury for the claimed repetitive trauma injury is _____; that respondent 2 (carrier 2) did not waive the right to contest compensability of the claimed injury; that the right shoulder and cervical spine, which the claimant asserted should be included in the compensable injury, are not included because there is no compensable injury; that respondent 1 (carrier1) is not relieved of liability because of the claimant's failure to timely notify the employer of an injury; and that the claimant did not have disability. On appeal, the claimant contends the compensability, extent-of-injury, and disability determinations are against the great weight and preponderance of the evidence. Carrier 1 urges affirmance. The appeal file contains no response from carrier 2.

DECISION

Affirmed.

We have reviewed the matters complained of by the claimant on appeal and conclude that they are not so against the great weight and preponderance of the evidence as to be clearly wrong or manifestly unjust. Cain v. Bain, 709 S.W.2d 175, 176 (Tex. 1986).

The decision and order of the hearing are affirmed.
